

The Creative Workshop

...Offers the Following Activities at
Museum Center Karensminde
2018/2019

Practical Information about the Creative Workshop

The activities in the creative workshop are designed for children and adults, who would like to try creative chores from back in the day. In this workshop you will not find modern things like glue guns, drilling machines or silk clay etc.

Here we work with thread and needle, paint and brush or nails and hammers. We follow the flow of the seasons and seek to adjust the activities to follow the theme of the special activity days.

The workshop is open on the special activity days that take place from 10am-4pm. **You will usually find the workshop in the carriage house. In the autumn holiday week, the workshop will temporarily relocate. You can get information about the location in the shop.**

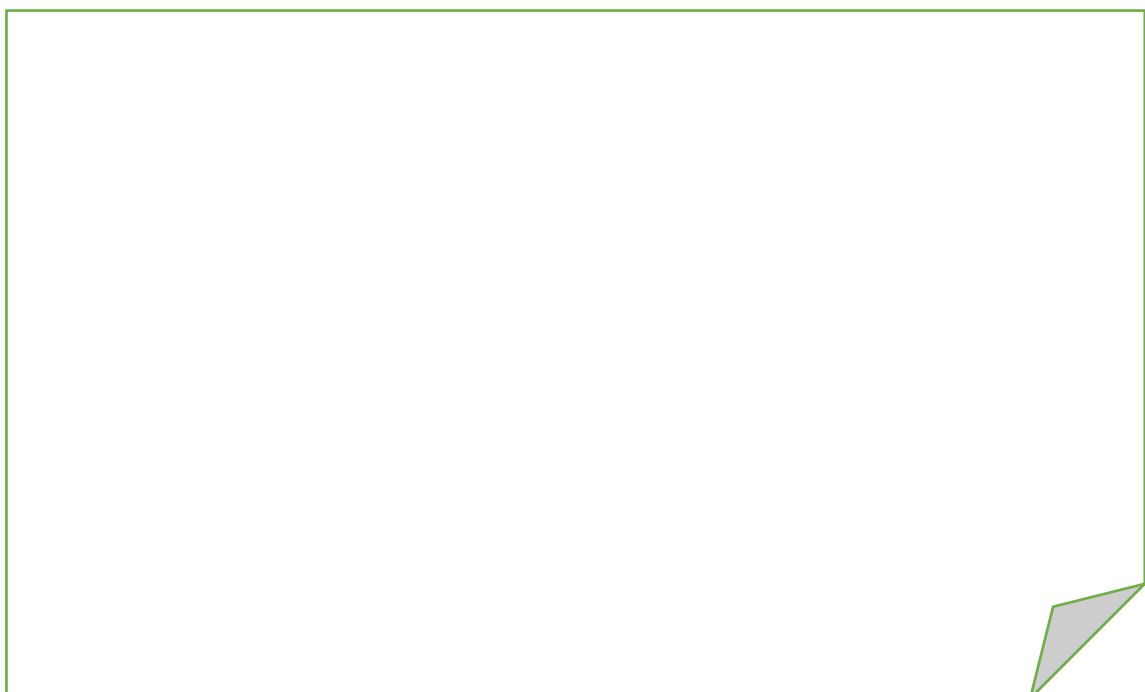

The workshop opening hours are 10am-3.30pm

Activities cost 5-25DKK apiece and payment must be settled before beginning the activity.

Some activities are free of charge. There will be one available per child or more against payment.

Eating and drinking at the tables in the workshop is not allowed.

NB: If you have an idea for an activity, please write a small note and put it in the postbox in the workshop. Perhaps we can develop an activity from your idea.
